

The American Board for Certification in Orthotics, Prosthetics & Pedorthics, Inc.

Logo Guidelines

Our logos are federally registered marks and are made available for use only by those authorized by these guidelines.

Logos may not be altered in any way. Usage of each logo is restricted to organizations accredited by and persons certified by the American Board for Certification in Orthotics, Prosthetics & Pedorthics, Inc. (ABC) in good standing and those persons requesting and receiving special authorization for use from the ABC. "Good standing" is defined as having no outstanding balance of fees and has satisfied all other requirements for maintenance of good standing. The ABC logo may also be used by sponsors advertising a course that has current year approval for Category I continuing education credits. Any usage without prior authorization represents serious misrepresentation of the ABC's service mark and is in violation of both Federal and State law.

To maintain a clear identification, the logo should generally appear proportionally isolated from other graphic elements. The logo should not be reproduced on a strongly patterned background that would diminish its ability to be recognized. The logo must not be obscured by intersection lines, rules, shadows, screens or other graphic devices.

The accredited facility logo shall not be used in a way that could imply the certification of individuals, nor can it be used to imply the accreditation of a non-accredited facility or affiliate.

The ABC logo may not be used in connection with any other credential, or displayed on corporate stationery, advertising, etc., of organizations not accredited by ABC.

Logo usage is restricted to:

To request additional electronic formats of an ABC logo, please email Megan Matijevich at mmatijevich@abcop.org. All requests are subject to approval.
